Day-02 Assignment

HTML Lists

1. Create the following types of lists on your webpage:

   - An **ordered list** of your top 5 favorite movies.

   - An **unordered list** of your favorite hobbies.

   - A **description list** explaining 3 programming languages (e.g., HTML, CSS, JavaScript).

HTML Tables

Design a table to display a **weekly meal plan** with the following structure:

- **Columns**: Day of the Week, Breakfast, Lunch, Dinner.

- Include at least 5 rows for different days.

HTML Forms

Build a simple **feedback form** with the following fields:

- **Name**: Text input.

- **Email**: Email input.

- **Feedback**: A text area to allow multi-line input.

- **Rating**: A dropdown to select from 1 to 5.

- **Submit Button**: A button to submit the form.

Bonus Task (Optional)

Add a **table caption** for your meal plan and use a combination of ordered and unordered lists to show:

- Steps to prepare a dish.

- Ingredients required (unordered list).

Submission Instructions

1. Save your work as `day2_assignment.html` .

2. Submit your file to the designated Git repository.
